25X1

6. The airfield is guarded permanently by sentries at the entrance to Klecany Castle and on the western edge of the airfield; on the eastern side is a hut, probably for a night guard. The guards are armed with machine carbines with semicircular magazines.
7. There is a rumor among military personnel and civilian population that at the end of January 1955 an aircraft of unusual shape, like a flying saucer, crashed in the neighborhood of Melnik.

8.
